

**CERTIFICATION REGARDING
ENVIRONMENTAL TOBACCO SMOKE**

Public Law 103-227, Part C - Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by any entity and used routinely or regularly for the provision of health, day care, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity.

By signing and submitting this Certification the Applicant, Grantee or Contractor certifies that it will comply with the requirements of the Act. The Applicant, Grantee or Contractor further agrees that it will require that the language of this Certification be included, without modification, in any subawards which contain provisions for children's services and that all Subgrantees shall certify accordingly.
